Reviewer’s report

Title: Association between plasma adipsin level and mild cognitive impairment in Chinese patients with type 2 diabetes: a cross-sectional study

Version: 0 Date: 03 Jul 2019

Reviewer: Aldo Ferreira-Hermosillo

Reviewer's report:

The authors have made the suggested changes.

Minor concerns

1) In the title, authors must correct "Associated" for "Association"

2) In the methods section, the authors specify that 126 right-handed patients were included. Why do they specify this?

3) Please verify that medians/means of certain parameters shown in table 1 are correct: DST and SCWT(A) has the same values but the "p" is significant.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I am able to assess the statistics
Quality of written English
