Title: PCOS without hyperandrogenism is Associated with Higher Plasma Trimethylamine N oxide Levels

Version: 0 Date: 18 Nov 2019

Reviewer: Tauqeer Hussain

Reviewer's report:

The relationship between TMAO and PCO is of great interest. Authors have tried all the analysis to prove such relation. There are few minor changes which can be added in the manuscript to make it more scientifically sound.

1. There are few abbreviations in the abstract which have not been described at first instance.
2. Were the data of patients non-normally distributed.
3. Please specify the retro or prospective design of the study
4. Please mention the method of variable selection for logistic regression analysis

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.
