Reviewer's report

Title: Erosive esophageal reflux vs. non erosive esophageal reflux: Oral findings in 71 patients

Version: 1 Date: 16 April 2015

Reviewer: laura Roesch

Reviewer's report:

- Discretionary Revisions

These are recommendations for improvement which the author can choose to ignore. For example clarifications, data that would be useful but not essential.

I think these article needs figures, photographs and graphs showing their results.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
