Reviewer’s report

Title: Computer-assisted, template-guided immediate implant placement and loading in the mandible: a case report

Version: 0 Date: 27 Jan 2019

Reviewer: Jérôme Lipowicz

Reviewer's report:

Excellent case report with efficient and pragmatic findings and good pictures.

Can you give more details on the surgery procedure or at least the used material (surgery kit and those specific abutment that help the second guide) ?

More recent references (<5y) would be appreciated.

Regards.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.
