Title: Socioeconomic-related inequalities in oral hygiene behaviors: A cross-sectional analysis of the PERSIAN Cohort Study

Version: 1 Date: 21 Jan 2020

Reviewer's report:

Dear Editor,

I thank you for providing me with the opportunity to review the manuscript.

I thank the authors for quick and detailed response to my questions from the first round of review. The authors have addressed most of the questions/ suggestions I had from reviewing the manuscript. At this point I would like to recommend that the authors include the following from the author's response in the text of their manuscript as well. "Since the age group of 75-85 yrs was less than one percent of the sample, we merged this age group with the age group of 65-75 yrs and considered them as the age group of 65 and older.”

Please do not hesitate to let me know if you may have any questions.

Thank you,

Regards,

Sohini Dhar.
