Reviewer's report

Title: Strategies for effective goals of care discussions and decision-making: Perspectives from a multi-centre survey of Canadian hospital-based healthcare providers

Version: 3  Date: 23 July 2015

Reviewer: M. Jeanne Wirpsa

Reviewer's report:

The authors have adequately addressed my concerns in their revisions. I continue to question whether figure 2 is a useful diagram given the focus of this paper, but would not hold back publication for that reason.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I have no competing interest.
