Reviewer’s report

Title: What does 'complex' mean in palliative care? Triangulating qualitative findings from 3 settings

Version: 0 Date: 18 Jun 2017

Reviewer: Gianluca Catania

Reviewer’s report:

Background section

line 28-101 "(i.e. the resources and limitations of achieving the)" it seems this statement misses something.

Authors include models related to patient complexity but they did not refer to complex intervention in palliative care such as quality of life assessment in palliative care. I suggest to read the following:

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.
