Title: Factor Structure of the Quality of Children's Palliative Care Instrument when Completed by Parents of Children with Cancer

Version: 1 Date: 15 Jan 2019

Reviewer: Eva Bergstraesser

Reviewer's report:

The authors revised their manuscript according to the comments of 2 reviewers.

The manuscript improved by this revision, and I would support the publication of this important work.

I would just suggest a minor change at the end of the background section: please add the reference for "our larger study" as this might not be clear to the reader that the above mentioned study is meant. The same should be done within the description of the instrument (second page line 31).

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.
