Title: Recommendations on priorities for integrated palliative care: transparent expert consultation with international leaders for the InSuP-C project

Version: 0 Date: 07 Dec 2018

Reviewer: Christoph Ostgathe

Reviewer’s report:

Thank you very much for the possibility to review the manuscript, that I read with interest! I have only one minor remark:

The table with the recommendations is hard to read; I would like to see either the table 2 sorted along the ranking or even better three - sorted - tables (one separated for Macro, Meso and Micro Levels, respectively).

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Unable to assess

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I am able to assess the statistics
