Reviewer's report

Title: Predictors of modern contraceptive methods use among married women of reproductive age groups in Western Ethiopia: A community based cross-sectional study

Version: 6 Date: 4 April 2015

Reviewer: Tefera Belachew

Reviewer's report:

The authors have accommodated all my comments.
The manuscript is now edited in a better way.

Level of interest: An article of importance in its field

Quality of written English: Needs some language corrections before being published

Statistical review: Yes, and I have assessed the statistics in my report.
