Reviewer’s report

Title: Neuroticism-related personality traits are associated with posttraumatic stress after abortion: findings from a Swedish multi-center cohort study

Version: 0 Date: 21 May 2017

Reviewer: Sperlich Mickey

Reviewer's report:

I have conducted a re-review of this manuscript and the degree to which the authors addressed comments and concerns, and conclude that the authors have been quite responsive to review. They have diligently responded to concerns and queries clearly and with care. I applaud their efforts and therefore recommend publication of their much-improved manuscript.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I am able to assess the statistics
