Title: Prevalence and severity of menopause symptoms among perimenopausal and postmenopausal women aged 30-49 years in Gulele sub-city of Addis Ababa, Ethiopia

Version: 1 Date: 25 Apr 2017

Reviewer: Lunic Base Khoza

Reviewer's report:

I greatly appreciate the authors' efforts on the revision of the manuscript. All comments and questions are adequately addressed and justifiable. The discussion of the findings is adequately presented and included the limitations thereof.

The language editing has improved the logical flow of the manuscript. Just a minor observation regarding inconsistency on the use of concepts such as "participants; respondents or subjects" in the manuscript. It would be more scientific to maintain one concept throughout.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.
