Reviewer’s report

Title: Predictors of abnormal cytology among HPV-infected women in remote territories of French Guiana

Version: 0 Date: 27 Jun 2017

Reviewer: Annarosa Mistro

Reviewer's report:

The paper by Adenis and colleagues reports data on cervical HPV infection and cytology among women living in French Guiana.

Data on this study have already been published (see references below, not reported in the submitted manuscript), and the present analysis does not add new or useful information:

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

No

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

No

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

No
Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.
