Title: Knowledge of Cervical Cancer and Pap Smears in Uyghur Women from Xinjiang, China

Version: 1 Date: 21 Sep 2017

Reviewer: Sarah Feldman

Reviewer's report:
I think this revision is excellent and I would accept.
The English is much improved. I have just several very minor suggestions:
1. p. 5 line 48. substitute physicians for postgraduates
2. p. 6 line 57 could you please equate Yuan with US dollars or with percent of poverty level or some other way to understand the income levels?
3. p. 11 line 21 please substitute "the direct cause" to "is associated with.."
Also the abstract needs some minor editing of the English to make sense which can be done easily by a copy editor.
