Reviewer’s report

Title: Reasons for Delay in Seeking Treatment among Women with Obstetric Fistula in Tanzania: A qualitative study

Version: 1 Date: 19 Apr 2019

Reviewer: Joao Paulo Leonardo Pinto

Reviewer's report:

I'd like to thank you for the authors of the study entitled "Reasons for Delay in Seeking Treatment among Women with Obstetric Fistula in Tanzania: A Qualitative Study" for listening the suggestions and for submitting a revised manuscript.

As said before, this is a very important matter of public health and studies such as this should be encouraged, because only promoting awareness we can provoke development of public health policies to promote not only treatment but also to prevent obstetric fistula of happening.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I am able to assess the statistics
