Reviewer’s report

Title: Work-family Balance and the Subjective Well-being of Rural Women in Sichuan, China

Version: 1 Date: 24 Aug 2019

Reviewer: Abqariyah Yahya

Reviewer's report:

Dear author,

Congratulations on your written manuscript. I enjoyed reading it.

I have a small concern regarding the generalizability of your results. You have described that the respondents were sampled using multistage sampling method. However, the results presented were not taking into consideration the weightage from the cluster and family. Therefore, I would like to suggest that results be reanalyzed using complex sample approach.

Thank you.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I recommend additional statistical review.
Quality of written English
