Title: Knowledge and practice of adolescent females about menstruation and menstruation hygiene visiting a public healthcare institute of Quetta, Pakistan

Version: 2 Date: 22 Oct 2019

Reviewer: Kelly T Alexander

Reviewer's report:

I think there needs to either a) be some analysis of when girls report missing schools and other indicators OR b) acknowledgement that this analysis could not be run for XYZ reason. 38/39% of girls reporting absence due to menstruation is a lot.
