Reviewer’s report

Title: Qualitative exploration of the acceptability of a postnatal pelvic floor muscle training intervention to prevent urinary incontinence

Version: 1 Date: 07 Dec 2019

Reviewer: Elizabeth Oluwatoyin Akin-Odanye

Reviewer’s report:

This is a well written manuscript. I suggest a table showing the descriptive characteristics of the respondents be created and placed in the result section. A few typographical errors were identified and have been highlighted in the attached document.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Unable to assess

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I am able to assess the statistics

Quality of written English
Please indicate the quality of language in the manuscript:
