Reviewer’s report

Title: Gamma-tocotrienol treatment increased peroxiredoxin-4 expression in HepG2 liver cancer cell line

Version: 2 Date: 8 October 2014

Reviewer: Sara Ladu

Reviewer’s report:

1. Major Compulsory Revisions: nothing to say
2. Minor Essential Revisions: the authors have to control all manuscript because I found the wrong use of a term and a lot spelling mistakes.

Level of interest: An article of importance in its field

Quality of written English: Needs some language corrections before being published

Statistical review: Yes, and I have assessed the statistics in my report.

Declaration of competing interests:
