Reviewer's report

Title: Exploring new pharmacology and toxicological screening and safety evaluation of one widely used formulation of Nidrakar Bati from South Asia region

Version: 3 Date: 4 March 2015

Reviewer: Jiefeng Cui

Reviewer's report:

1. Regarding the evidences for dose usage of NKB, it is recommended that the related contents are mentioned in the section of DISCUSSION.
2. The authors should indicate the significant difference in all figures and labeled the detailed groups for easier understanding.
3. The last panel in Figure1 should be corrected into “D”

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Needs some language corrections before being published

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.

Declaration of competing interests:

I declare that I have no competing interests.
