Reviewer's report

Title: Antifungal activity of berberine hydrochloride and palmatine hydrochloride against Microsporum canis in rabbits and underlying mechanism

Version: 4 Date: 4 May 2015

Reviewer: Luciana Figueredo

Reviewer's report:

Dear Authors,

Please provide a reference supporting the use of tryptic soy for culturing dermatophytes, as the reference provided (Morris et al., 2011) employed this medium for bacterial growth, and not for dermatophytes.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
