Reviewer's report

Title: L-Citrulline increases hepatic sensitivity to insulin by reducing the phosphorylation of serine 1101 in insulin receptor substrate-1

Version: 3 Date: 20 March 2015

Reviewer: Milan Obradovic

Reviewer's report:

The authors have adequately addressed the issues raised in the first review, and the added material has considerably improved the manuscript. Revisions are fully OK.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
