Reviewer's report

Title: Oligonol suppresses lipid accumulation and improves insulin resistance in a palmitate-induced in HepG2 hepatocytes as a cellular steatosis model

Version: 2 Date: 20 April 2015

Reviewer: YUAN ZOU

Reviewer's report:

Considering increased population with hepatic steatosis worldwide, this kind of studies is valuable.

Minor essential revisions: Legend of figure 2 should have 2D and 2E explanations.

Discretionary revision: The descriptions in results section should be concise and observed.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
