Reviewer’s report

Title: Activity of Porophyllum ruderale leaf extract and 670-nm InGaP laser during burns repair in rats.

Version: 2 Date: 2 May 2015

Reviewer: Shivananda Nayak

Reviewer’s report:

Appreciate the effort done by authors and needs revision before it gets published

Abstract:
Correct the investigate as investigated

Background
Quote the recent references (Nayak BS et al) in the third paragraph and these authors did extensive work on wound healing using medicinal plants for both normal and burn wounds

Methods
Page 5: line 95-98: Rewrite the sentence

Shorten the conclusion section
Cut down the number of references and use only specific references

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: Yes, and I have assessed the statistics in my report.

Declaration of competing interests:
