Reviewer's report

Title: Evaluation of the wound healing property of Commiphora guidottii Chiov. ex. Guid.

Version: 2
Date: 9 February 2015

Reviewer: Fabio Santos

Reviewer's report:

Major compulsory revisions. On the other hand, the use of anesthetic method needs a strong justification. Ether like inhalatory anesthesia is not acceptable methods for international committees.

Level of interest: An article of limited interest

Quality of written English: Needs some language corrections before being published

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.

Declaration of competing interests:

No conflicting interest.
