Reviewer's report

Title: Antisickling and toxicological evaluation of the leaves of Scoparia dulcis Linn (Scrophulariaceae).

Version: 4 Date: 14 September 2015

Reviewer: Olubanke O Ogunlana

Reviewer's report:

Most of the issues raised in the earlier review have been resolved and grey areas attended to.

However from the conclusion line 260 - "it could be considered safe on acute basis" should be removed or modified based on the author's discretion.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interest.
