Reviewer’s report

Title: Antibacterial, antifungal and antioxidant activity of Olea africana against pathogenic yeast and nosocomial pathogens

Version: 2  Date: 2 June 2015

Reviewer: Thankappan Sarasam Rejiniemon

Reviewer’s report:

Minor essential Revisions

Kindly do the following

1. Add the bioautography & antioxidant activity result values to the result part of Abstract.

2. Quote the following latest references in introduction and discussion parts.
   i) In-vitro antimicrobial, antibiofilm, cytotoxic, antifeedant and larvicidal properties of novel quinone isolated from Aegle marmelos (Linn.) Correa
   ii) In Vitro Antibacterial, Antifungal, Antibiofilm, Antioxidant, and Anticancer Properties of Isosteviol Isolated from Endangered Medicinal Plant Pittosporum tetraspermum
   iii) In-vitro antibacterial, antifungal, antioxidant and functional properties of Bacillus amyloliquefaciens.

3. Use proper abbreviations for units ( mL, µL & degree celsius ) asper the journal format.

4. Change the word phytochemical analyses to phytochemical analysis.

5. Correct the expansion of DPPH in session 2.5

Level of interest: An article of importance in its field

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.
