Reviewer’s report

Title: Effect of Tualang honey on the healing of anastomotic wound in large bowel anastomosis in rats-A randomized controlled trial

Version: 3 Date: 29 November 2015

Reviewer: Jaroslava Halper

Reviewer’s report:

The revision represents an improved version of the original manuscript. However, one reference mentioned in their cover letter is not listed in their references (Yole et al. (Yol S, Tekin A, Yilmaz H, Küçükkartallar T, Esen H, Çalayan O, et al. Effects of platelet rich plasma on colonic anastomosis. Journal of Surgical Research. 2008;146 (2):190-4.)), At least I was unable to find it. Please correct.

Level of interest: An article of importance in its field

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.
