Reviewer’s report

Title: In vitro antioxidant and antimalarial activities of leaves, pods and bark extracts of Acacia nilotica (L.) Del.

Version: 1 Date: 02 Mar 2017

Reviewer: Krishnadas Nandakumar

Reviewer's report:

The authors have made necessary revisions as suggested. Now it is suitable for publication. However, the quantum of work is very low. The authors failed to carry any in-vivo antimalarial activities.

The work may have novelty. But does it qualify for original full length research article

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I am able to assess the statistics

Quality of written English
Please indicate the quality of language in the manuscript:
