Reviewer’s report:

Cisplatin-induced Oxidative Damage Can Be Prevented by Rutin

The manuscript should be revised for linguistic errors

Why brain was chosen as a target organ in this study, why not kidney, as cisplatin is mainly nephrotoxic agent.

The title and abstract should be modified to include brain as a target organ, and to be more Representative of the experimental design and results.

Which part of brain was chosen for analysis.

I recommend more confirmatory histopathological study for the brain lesions.

I recommend enrichment of introduction and discussion sections to involve more recent studies about cisplatin prevention with many preventive strategies (not only flavonoids as rutin). The following references are recommended;
