Reviewer’s report

Title: MOK, a pharmacopuncture medicine, regulates thyroid dysfunction in L-thyroxin-induced hyperthyroidism in rats through the regulation of oxidation and the TRPV1 ion channel

Version: 1 Date: 12 Sep 2017

Reviewer: Michał Bijak

Reviewer's report:

Authors very carefully corrected this manuscript, however one point still need to be improved. Authors incorrectly performed statistical analysis, to use ANOVA TUKEY, the results must have normal distribution and equality of variance, Authors did not mention about these analysis in statistical description.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

No

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I am able to assess the statistics

Quality of written English
Please indicate the quality of language in the manuscript:
