Reviewer's report

Title: Shuang-Huang-Lian prevents basophilic granulocyte activation to suppress Th2 immunity

Version: 0 Date: 23 Oct 2017

Reviewer: Parveen Bansal

Reviewer's report:

Authors have written Shuang-Huang-Lian (SHL) everywhere in the manuscript. The name of the basophil used should be its scientific name or its common name in English language.

The documents evidencing animal ethical committee approval should be attached.

Under the heading splenosyte culture line 158 the ELISA kits used should be mentioned accurately.

The reaction mixture used for the basophil activation test should be mentioned in detail.

Discussion should be rewritten with recent references.

Rewrite conclusion

References should be corrected as per journal guidelines.
Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I am able to assess the statistics

Quality of written English
Please indicate the quality of language in the manuscript:

Needs some language corrections before being published

Declaration of competing interests
Please complete a declaration of competing interests, considering the following questions:

1. Have you in the past five years received reimbursements, fees, funding, or salary from an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?

2. Do you hold any stocks or shares in an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?

3. Do you hold or are you currently applying for any patents relating to the content of the manuscript?

4. Have you received reimbursements, fees, funding, or salary from an organization that holds or has applied for patents relating to the content of the manuscript?

5. Do you have any other financial competing interests?

6. Do you have any non-financial competing interests in relation to this paper?
If you can answer no to all of the above, write 'I declare that I have no competing interests' below. If your reply is yes to any, please give details below.

I declare that I have no competing interests
