Title: Poly herbal formulation with anti-elastase and anti-oxidant properties for skin anti-aging

Version: 1 Date: 15 Dec 2017

Reviewer: Sarah Forester

Reviewer's report:

It looks like all of the major revisions have been made.

The only other suggestion I would have is to remove line equations and R-squared values from some of the figures.

Also, keep the significant figures consistent for the IC50 values.
