Reviewer’s report

Title: Traditional Healing Practices in Rural Bangladesh: A Qualitative Investigation

Version: 0 Date: 04 Oct 2017

Reviewer: Michael Teut

Reviewer’s report:

This is good field work report and the manuscript is written well.

To my opinion the paper could be improved by including a section "objectives", where the authors explain more in detail the aims of their research and hypotheses behind the field work and especially the unstructured interviews.

Did the authors use some software to code the data?

Otherwise fine!

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Unable to assess

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

Not relevant to this manuscript
