Reviewer's report:

General comments: The authors corrected according to the comments from reviewers. It made the MS clearly. Anyway, there were grammatically errors. There was some point that the authors forgot to correct it.

Specific comments:

Page 9 line 3: "uric acid (UA) blood levels" should be "blood uric acid levels (UA)" or "uric acid levels (UA) in blood" or "levels of uric acid (UA) in blood".

Page 19 line 19: "Previous our results suggested…" should be "Our previous results suggested…". This sentence seems to be that it was not completed in writing.

Page 28 in table 1: The scientific names of the third and fourth plants are not in italics.

Lonicera japonica => both in italics
Ostericum koreanum => both in italics
