Title: Anti-borreliae efficacy of selected organic oils and fatty acids

Version: 1  Date: 25 Jun 2018

Reviewer: Prasad Dandawate

Reviewer's report:

The manuscript submitted by Goc and coworkers improved significantly and can be accepted for publication. Authors answered all my questions in detail. I have only one more suggestion

1. Please be consistent in showing statistics. Like using * or ** or*** or #. Either use * or #. For example in figure 1, p value is <0.001 and authors showed **** while in figure 2 p value is < 0.001 but on only ** are shown, while figure 3 # are shown.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I am able to assess the statistics
