Reviewer’s report

Title: Immunomodulatory Effects of a Mycelium Extract of Cordyceps (Paecilomyces hepiali; CBG-CS-2): A Randomized and Double-Blind Clinical Trial

Version: 3 Date: 10 Feb 2019

Reviewer: Hesham Ali Metwally Ali El-Enshasy

Reviewer's report:

Please include all comments for the authors in this box rather than uploading your report as an attachment. Please only upload as attachments annotated versions of manuscripts, graphs, supporting materials or other aspects of your report which cannot be included in a text format.

Please overwrite this text when adding your comments to the authors.

The manuscript is well written and corrected properly according to the previous reviewers report. The data presented is novel and worthy for publication and of added value for researchers working in the field of complementary and alternative medicine. The results clearly demonstrate the immunomodulatory effect of Cordycepin in long term study as also proposed in the conclusion part.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.
