Title: Psychopharmacological effects of riparin III from Aniba riparia (Nees) Mez. (Lauraceae) supported by metabolic approach and multivariate data analysis

Version: 3 Date: 24 Mar 2020

Reviewer: Huiming Gao

Reviewer's report:

1 Maybe there is a misunderstanding for the comment of "Page 13, line 276, 281: CP, AP and TP replace control period (CP), anxiogenic periods (AP) and treatment periods (TP)" in the round 2. In the section 2.4. Experimental Protocol, control period, anxiogenic period and treatment period are abbreviated to CP, AP and TP, respectively. CP, AP and TP are suitable for page 12-13, lines 269-275 in the manuscript R3. Namely, control period (CP), anxiogenic periods (AP) and treatment periods (TP) replace with CP, AP and TP.
2 The other suggestions are shown in a brief explanatory note in the main text.
