Reviewer’s report

Title: eHealth Technologies Assisting in Identifying Potential Adverse Interactions with Complementary and Alternative Medicine (CAM) or Standalone CAM Adverse Events or Side Effects: A Scoping Review

Version: 1 Date: 08 Apr 2020

Reviewer: Sukhbir Kaur

Reviewer's report:

The manuscript entitled "eHealth Technologies Assisting in Identifying Potential Adverse Interactions with Complementary and Alternative Medicine (CAM) or Standalone CAM Adverse Events or Side Effects: A Scoping Review" elaborates some eHealth technologies to identify adverse side-effects of CAM.

Based on your response I appreciate your effort in presenting the quality assessment study of these resources as a second manuscript. However, I suggest that the authors should highlight some recent databases/ehealth technologies provided in the table in the text as well, to provide a ready reference to the reader.

Minor comments

Page 40-Line 26, 51: The reference number is missing.

Page 43-Line 43-44: The reference number is missing.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Unable to assess

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I am able to assess the statistics
Quality of written English
Please indicate the quality of language in the manuscript:
