**Reviewer’s report**

**Title:** Prevalence and predictors of cervical epithelial cell abnormality among women attending gynecological examination in cervical cancer screening unit at Debremarkos referral hospital, East Gojjam, Northwest Ethiopia

**Version:** 2  **Date:** 8 February 2015

**Reviewer:** Pam Michelow

**Reviewer’s report:**

This is an interesting, well written article. However, major revision is required before this manuscript can be considered for publication. Please see attached document for suggestions.

**Level of interest:** An article whose findings are important to those with closely related research interests

**Quality of written English:** Needs some language corrections before being published

**Statistical review:** Yes, but I do not feel adequately qualified to assess the statistics.

**Declaration of competing interests:**
