Reviewer’s report

Title: Primary breast angiosarcoma : A rare presentation of rare tumor - Case report

Version: 0 Date: 27 Apr 2017

Reviewer: Richard Barr

Reviewer’s report:

Please include all comments for the authors in this box rather than uploading your report as an attachment. Please only upload as attachments annotated versions of manuscripts, graphs, supporting materials or other aspects of your report which cannot be included in a text format.

Please overwrite this text when adding your comments to the authors.

The paper is well written. Only comment I have that the following published paper be added to the reference list. This manuscript describes the radiographic findings in more detail. "Primary Angiosarcoma of the Breast

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Unable to assess

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

Not relevant to this manuscript
