Reviewer’s report

Title: Pelvic radiotherapy for cervical cancer affects importantly the reproducibility of cytological alterations evaluation.

Version: 1 Date: 06 Aug 2018

Reviewer: Dilip Kumar Mishra

Reviewer's report:

1. In conclusion what authors wants to Highlight.

2. The Results were described in very complicated manner, is it possible to simplify?

3. Authors did not mention The grading and staging of tumors for which radiotherapy was done.

4. Which radiotherapy was done, its nice to mention which EBRT or Brachy was more associated with RT induced changes.

5. Not a single cytopahology slide pictures were included, its better to show at least one or two slides of LSIL/HSIL/RT induced changes

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

No

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

No

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I am able to assess the statistics

Quality of written English
Please indicate the quality of language in the manuscript:

Needs some language corrections before being published

Declaration of competing interests
Please complete a declaration of competing interests, considering the following questions:

1. Have you in the past five years received reimbursements, fees, funding, or salary from an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?

2. Do you hold any stocks or shares in an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?

3. Do you hold or are you currently applying for any patents relating to the content of the manuscript?

4. Have you received reimbursements, fees, funding, or salary from an organization that holds or has applied for patents relating to the content of the manuscript?

5. Do you have any other financial competing interests?

6. Do you have any non-financial competing interests in relation to this paper?

If you can answer no to all of the above, write 'I declare that I have no competing interests' below. If your reply is yes to any, please give details below.
