Title: Urinary Schistosomiasis: report of case diagnosed in bladder biopsy

Version: 1 Date: 14 Aug 2018

Reviewer: Monica Botelho

Reviewer's report:

The authors present a case report of a 25 year-old-man with bilharzia in Morocco after a stay in Mauritania. The case is pertinent and well described and the conclusions easily drawn. The manuscript has some minor misspelling that should be correct (e.g. sentences starting with lower capital). The names of the parasites should be italicized. Some of the references are in French. I would advise to substitute for more recent English references.
