Reviewer’s report

Title: Content validation of an interprofessional learning video peer assessment tool

Version: 0 Date: 29 Aug 2017

Reviewer: Sharla King

Reviewer's report:

This was a very well written manuscript and a pleasure to review. The authors have clearly described their method for developing the rubric. The use of theory is well done and helps guide the reader through the manuscript. A few minor comments/suggestions:

1. pg 6 line 27 - maybe split this paragraph up. It didn't seem to flow as well as the rest of the manuscript.
2. pg 7 line 12 - there are two 'when'
3. pg 8 line 2 - remove 'of'
4. pg 8 line 11 - is it possible to name the frameworks rather than just refer to them?

Overall, very well executed manuscript that will add to the IPE literature.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes
Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.
