Title: The UK Medical Education Database (UKMED) What is it? Why and how might you use it?

Version: 0 Date: 09 Jun 2017

Reviewer: Gary Velan

Reviewer’s report:

This manuscript describes the rationale for developing the UKMED longitudinal database of medical students and graduates, as well as the structure of the database and its potential utility.

This is an important development for medical educators, enabling them to utilise the database to enhance the evidence base for important decisions such as admissions to medical schools.

The manuscript is of interest to all medical educators and makes a valuable contribution to this field.
