Title: Multiple Mini Interview (MMI) for General Practice Training selection in Australia: Interviewers’ motivation

Version: 1 Date: 07 Dec 2017

Reviewer: Annette Mercer

Reviewer's report:

The authors have addressed revisions as detailed by the reviewers or provided explanation where necessary. The manuscript still needs to be proofread for typos or minor sentence construction issues. For example in the Abstract (page 19 of the new document) on line 39 where a new section has been inserted, the first sentence needs editing. There are other examples of this throughout the document. When these have been adjusted I believe the article is ready for publication.

Are the methods appropriate and well described?
