Title: New Doctor-patient Communication Learning Software to Help Interns Succeed in Communication Skills

Version: 1 Date: 03 Sep 2019

Reviewer: Peter Anderson

Reviewer's report:

The manuscript is much improved; however, the manuscript still requires extensive English language editorial work. I suggest the authors engage a native English speaker to help with grammar, appropriate word usage and general readability. At this point I cannot determine if the studies were performed correctly or interpreted correctly because the English language usage is incorrect throughout the manuscript.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.
