Reviewer's report

Title: The IASP Pain curriculum for undergraduate allied health professionals: educators defining competence level using Dublin Descriptors.

Version: 1 Date: 11 Sep 2019

Reviewer: Richard Pitt

Reviewer's report:

A very interesting focus on developing an interprofessional undergraduate programme on pain management. There is a clear focus on interprofessional education and collaborative working in curriculum development. This is supported by access to credible experienced experts. The paper is robust, demonstrating effective methodology and innovative outcome and discussion of findings.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I am able to assess the statistics
