Reviewer's report

Title: A Systematic Review of Empirical Bioethics Methodologies

Version: 1 Date: 16 September 2014

Reviewer: Marcel Mertz

Reviewer's report:

Please see attachment enclosed.

Level of interest:
An article whose findings are important to those with closely related research interests

Quality of written English:
Needs some language corrections before being published

Statistical review:
No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
I declare that I have no competing interests.

"For the next year, it is planned that I go for a research stay (six months) to MESH (Birmingham), where two of the authors of the reviewed paper are working/are affiliated. However, I do not think that this fact influenced my review in either way."
