Reviewer’s report
Title: Experiences of community members and researchers on community engagement in an Ecohealth project in South Africa and Zimbabwe

Version: 0 Date: 27 Oct 2016

Reviewer: Dorcas Kamuya

Reviewer's report:
The manuscript is very well written and adds an important contribution on the area of community engagement in health research. It specifically adds a critical voice - that of the community members - a voice that has been missing in discourses on engagement in health research.
I recommend the paper for publication. There however some essential comments that I hope the authors will find useful, and which will strengthen this paper. I have also added a few minor comments (see attached file).
